LEUDUC FARMER FATALLY INJURED IN SHOOTING ACCIDENT

Shot through the heart, John McCollman, a farmer of the Leuduc district, was found dead in his house at an early hour this morning. An investigation was made by the A.P.P. and coroner, and it was found that the deceased was in the act of taking down a 12-gauge shotgun from a nail in the wall, when it caught in the foot last and was discharged, causing immediate death. An inquest was held and a verdict of accidental death returned. McCollman was 61 years old.

SCANDINAVIAN MISSION CONVENTION TO BE HELD AT MALMO

The Swedish Mission church at Malmo is busily engaged in preparing to entertain the delegates for the annual meeting of the Scandinavian Mission Covenant of Canada which will be held in Malmo June 28 to July 3. The Malmo church expects at least 50 official delegates and ministers, besides many visitors from the western provinces. Rev. E. G. Hjerpe of Chicago, president of the Evangelical Mission Covenant of America, will visit the meeting and, Rev. Fritz Peterson, of Stockholm, Sweden, delegate from the Covenant of Sweden, will also be present to convey greetings from the mother church and arrange for closer relations between the covenant of Canada and the Covenant of Sweden. Rev. C. O. Hofstrand of Saskatoon, president of the Canadian Covenant, will preside, and Rev. A. Liljengren, secretary of Winnipeg, will also be present.

The Ministerial Union holds its meeting Tuesday, the 23rd, until Thursday, and Rev. Aug. Swanstrom of the Highland Park church is president. Rev. J. A. Salgren, of Regina, is secretary. Many of the delegates will be read at this conference and the various pastors of the Mission Covenant are expected to attend.

Sunday, July 3, will be a day of large meetings. In the afternoon Miss Elizabeth Bjorkgren, of Malmo, who has graduated from the Moody Bible Institute, will be dedicated for service in the foreign field.

Miss Bjorkgren is well known in this community. She has served several years as public school teacher about Wetaskiwin.

The public is invited to the services every evening, when addresses are given by the visiting delegates from Chicago and Sweden, and by the visiting pastors from the Dominion.

Rev. G. A. Quarnstrom, the new pastor of the New Sweden and Malmo churches, is spending so much time to make the visitors' stay in Malmo a pleasant one.

The Scandinavian Mission Covenant of Canada is the oldest Swedish church denomination in Canada, and the Swedish Mission church of Winnipeg is the first Scandinavian church built on Canadian soil.

U. F. A.

Remember the U.F.A. and U.F.W.A. picnic at Piller's Field one mile west of Brinkley, on June 29, to be followed by a dance in Lone Ridge hall. Good music will be heard. Dancing from 8:30 p.m. to 2:30 a.m. U.F.A. and U.F.W.A. chaperones will be present.

Wetaskiwin Chautauqua starts today—at 2:30.

Scottish Comedian at Chautauqua with Grand Concert Party, June 29

Walter Henderson

RED CROSS DRIVE

The local executive beg to acknowledge receipt of the following amounts in connection with the recent Red Cross membership drive:

Mrs. J. A. Rodell, Wetaskiwin	75.00
Miss Hadfield, Crooked Lake	20.00
School District	25.00
Mrs. M. L. Higginson, Lucas	17.50
School District	15.00
Mr. E. Garlough, Bears Hill S. D.	18.50
Mrs. E. D. H. Wilkins, Wetaskiwin	27.00
Miss Margaret Robertson's room, Wetaskiwin	3.75
Miss Abercrombie, Cherry Grove	25.75
School District	25.75
Mrs. E. Smith, Duhamel	5.00
Miss Arsenault, Rosary S. D.	12.25
Mrs. G. D. Wallace, Wetaskiwin	49.25
School, Wetaskiwin	12.00
Mrs. G. D. Wallace, Wetaskiwin	12.00
Mr. D. A. McLeod, Wynne	21.50

DOMINION DAY WITH THE U. F. A.

The next big thing around these parts will be the U.F.A. picnic at the fair grounds on July 1st. One of the features will be the league baseball game between Wetaskiwin and one of the other league teams, probably Innisfail; game called for 4 p.m. The Wetaskiwin Brass Band will be there with a lot of new pieces and all the old favorites. A baseball tournament, in addition to the scheduled league game, will be pulled off, when the question now being freely discussed in all corners of this fair electoral division of ours, as to which baseball team takes the cake, will be settled scientifically and unambiguously. The grand stand attractions will embrace the famous Martin Children of Edmonton, and a good old wrestling match. Horses will race, and so will men, girls and boys. Rural U.F.A. locals will meet and grapple in the knighly top-of-war, while bright-eyed maidens looking on, will cheer their champions on to victory, and those who can't tug can run for the honor of the local in the relay races. And then a big dance in Angus Hall at 8 p.m.

A. P. Mann is in charge of arrangements, and will be glad to hear from intending competitors in any of the events.

Are you going to Chautauqua?

See "Behold My Wife" at Wilson Theatre, June 29-30.

CENTRAL ALBERTA BASEBALL LEAGUE

The league has been re-organized on the original basis and has reverted to the original schedule. Complete schedules will be published. The following, however, are the fixtures in the first half of the series:

Mon., June 20—Innisfail at Ponoka.
Wed., June 22—Wetaskiwin at Innisfail.

Thurs., June 23—Ponoka at Red Deer.
Fri., June 24—Red Deer at Wetaskiwin.

Tues., June 25—Red Deer at Innisfail.
Tues., June 26—Wetaskiwin at Ponoka.

Fri., July 1—Innisfail at Wetaskiwin.
Fri., July 1—Red Deer at Ponoka.

None of the games played prior to these dates will be counted in the league championship race.

WETASKIWIN LOSES TO RED DEER

The Red Deer Rabbits invaded Wetaskiwin last Wednesday, and with the assistance of Percy Smith, who pitched his first game of the season, turned the tables on the locals and tucked away the game to the score of 6-2.

The game opened with a blank for Red Deer in the first, but Wetaskiwin, with the aid of three nicely placed singles and an error, got two runs and it looked as though they were out to repeat their previous performance and buy the visitors by the home. After this inning, however, Smith got into his stride and pitched a good game.

Both teams drew blanks after the first inning until the fifth when two singles, two passes and three errors, all in a row, netted the Red Deer five runs. Wetaskiwin was then finally routed. Red Deer scored one more in the eighth making the final score 6-2 in their favor.

Butchart did mound duty for the locals, and pitched a steady game, his only error coming in the fifth when he issued two errors. Only six hits were garnered off his delivery.

Smith held the Wolves to six hits, and refused to walk anyone.

The score by innings:—

Red Deer — 0 0 0 5 0 1 0 — 6
Wetaskiwin — 2 0 0 0 0 0 0 — 2

The box score:—

Red Deer	AB RH PO A E
Butchart, 3b	5 1 0 1 0 0
Peterson, rf	3 1 2 0 0
Johnson, ss	1 0 1 0 1
Love, rf and ss	3 0 0 1 1
Nelson, cf	4 1 3 0 0
Dawson, 2b	4 0 0 3 1
Fitzgerald, 1b	4 1 0 5 0
Sorenson, c	4 0 1 4 1
Perith, cf	3 1 0 1 0
Smith, p	4 0 1 2 0

35 6 27 14 1

Batted for Johnson in the third.

Wetaskiwin	AB RH PO A E
Johnson, 3b	4 1 1 5 2 0
A. Bellingham, lf	4 0 0 0 0
Harvey, cf	4 1 0 0 1
Campbell, c	4 0 5 2 0
Ryan, 1b	4 0 1 1 1
R. Bellingham, ss	4 0 0 5 3
Gedry, rf	4 0 1 3 0
Gouchee, 2b	3 0 1 0 1
Butchart, p	3 0 1 0 4

34 2 7 27 15 4

Summary:—

Two-base hit—Nelson.

Three-base hit—Gedry.

Hits off Smith: 7; off Butchart 6.

Double plays—Smith to Fitzgerald; R. Bellingham to Ryan.

Out on bases—Red Deer 4; Wetaskiwin 4.

Bases on balls—Butchart 2.

Strikeouts—Butchart 4; Smith 4.

BIG IRRIGATION PROJECT FOR CENTRAL ALBERTA

Doing the preliminary work on the North Saskatchewan Irrigation Project, 35 Dominion government engineering parties are now working between Red Deer and Winnipeg. The work will take several years to complete, involving as it does several engineering problems of no small calibre. These include:

1. Damming the North Saskatchewan river near Rocky Mountain House, and backing some of its waters through the Clearwater, thence by tributary streams into the Red Deer River.

2. Building a huge dam across the Red Deer river near the Northeast corner of Section 5-9-24. This point is about equidistant from Red Deer and Lacombe, and adjoining the farm of S. W. Paisley. It is reported that the dam will be 103 feet high from the bottom of the estuary.

3. Making a canal north past Lacombe and on to Buffalo Lake, raising the water there 30 feet, and using it as a reservoir for the irrigation district in the eastern part of Alberta and the western part of Saskatchewan.

The building of the dam, it is said, will require the labor of 500 men for a period of perhaps five years.

The construction of this dam will make a big hydro-electric plant feasible.

The plans also provide for the construction of a bridge on top of the dam, which will make a high level crossing between Red Deer and Lacombe. The site for the dam is near the Brazeau branch of the C.N.R.

GOOD CARNIVAL FOR WETASKIWIN

The International Amusement Company, which will furnish the midway attractions at Wetaskiwin this year, made its initial bow to the amusement loving public at Winnipeg last month, and is now playing Manitoba politics, preliminary to the Alberta fair dates it has contracted.

Everywhere it is attracting favorable comment, the press being loud in its praise, and it is without doubt the largest carnival caravan to visit Wetaskiwin.

The complete line-up consists of two rides, merry-go-round and Ferris wheel; wild animal show, ten-one show, big joyland show, art show, "World Affairs," and wild west show; thirty concessions, cook house and all the other incidents which go to make a modern carnival company.

BASEBALL YELL FOR WETASKIWIN

Organized baseball is away ahead of the hit-or-miss article, and by the same token, organized rooting lays the go-as-you-please variety away in the shade for effectiveness. Wetaskiwin ought to have a baseball yell at least. If any of our readers have a yell to suggest, let them forward it to the Yell Editor of The Times, and it will be published for the consideration of the fans. If we were going to fabricate a yell ourselves, we would favor one something like this:

"Wetaskiwin! Wetaskiwin! Wetaskiwin! Wetaskiwin! Wetaskiwin! Wetaskiwin! Wetaskiwin! Wetaskiwin! Wetaskiwin! Wetaskiwin!"

The Wolves are here—so let her rip! (To be followed by as good an imitation of a wolf howl as the howlers can lay.)

How would you frame it up?

U. F. A. SUNDAY AT WETASKIWIN

U.F.A. Sunday was observed at Wetaskiwin by a united service at the fair grounds, and despite the sultry weather the attendance was large. The service was expected.

Addresses were given by Rev's W. L. Pritchard and W. H. W. Smith with the part of the U.F.A. organization is playing in the province. Capt. Stoll was assigned the reading and prayer, while the united choir, under the leadership of Mr. E. A. Lynch, rendered an anthem and led in a hymn. A duet was also contributed by Mesdames Boyer and Walker. The Wetaskiwin band, who contributed several pieces during the afternoon, were responsible to a large degree for the success of the affair.

FAREWELL TO REV. J. W. WILKIN

A very pleasant event took place at the home of Mr. and Mrs. Baskin on Monday evening last, when the members of the "Win-On" Bible Class met for a farewell party to their teacher, Rev. J. W. Wilkin.

Mr. Wilkin has taught the class for the past three years, and very pleasant has been the study of the Word together. One of its features has been a free and full discussion of all subjects involved in the lesson.

The fore part of the evening was spent on the lawn, after which the class repaired to the house.

A sense of threat was seen winding here and there through the rooms, and each must find his name and follow his thread to its destination. Mr. Wilkin found on his box which he mistook for a box of chocolates. Imagine his surprise when upon opening it he found a beautiful time-piece, the gift of the class to him.

In a few words Mr. Wilkin thanked the class for this expression of their good will, and spoke of the great pleasure he had had, both as a teacher and as a student, in his study with the class during the past three years. He hoped they would continue as a live organization in the church, and that the highest and best would come to every member of the class during the coming years.

A few well chosen songs brought this pleasant function to a close.

LOCAL LIBERALS ARE ORGANIZING

Remnants of an early provincial election are being freely circulated and it looks as if the Stewart government will shortly make an appeal to the people of the province. Several conventions have already been held and the Liberals in the Wetaskiwin constituency have also taken action in this respect. Primary meetings have been called for in every polling subdivision in the constituency and these meetings will be held on Monday evening, June 27th, at which delegates will be selected to attend the convention on Tuesday afternoon, June 28th, at 2 o'clock in the Wilson Theatre, where a candidate will be selected to contest the constituency in the interests of the present Liberal administration. The meeting to elect delegates for the Wetaskiwin East and Wetaskiwin West polling subdivisions will be held in the Wilson Theatre at 7:30 p.m., when no doubt a large number of Liberals and others in sympathy with the present administration will be in attendance. Although nothing to make any statement Monday, Premier Stewart indicated that the election date would be announced in all likelihood during the present week. It is rumored that the question will be definitely decided before Thursday. In the event of the

Lecturing Saturday of this week at Chautauqua, on Indian History, Etc.

MEDICINE HAT BY-ELECTION IS GROWING WARM

Medicine Hat, Alta., June 20.—The by-election campaign, which at the start appeared to lack the ginger usually apparent in contests of this nature, lacks nothing in this respect during the last two weeks of the campaign. The polling will take place on June 27.

Hon. T. A. Cregar, progressive leader, and Norman Lamborn, secretary of the Canadian Council of Agriculture, spent the greater part of last week in the riding in the interests of Robert Gardiner, United Farmers of Alberta candidate, while Colonel Norman Spencer, the government standard bearer, was assisted by Senator Gibson Robertson, minister of labor, and H. C. Henderson, M.P.

It is thought in political circles that the farmers' candidate will carry the most polls by a considerable majority, but the action of the election in Medicine Hat city may decide the election, where supporters of Col. Spencer claim to expect that he will receive a big majority which may overcome the majority of his opponent in the rural districts. The number of voters who will go to the polls on Monday next is not expected to exceed 15,000, and of these approximately 5,000 are members of the United Farmers of Alberta and its affiliated women's organization. About 4,000 names are on the list in Medicine Hat city.

While it is understood that the date has not yet been finally decided by the government, and Premier Stewart prior to his departure for the south Monday would positively make no statement on the question, there is a strong possibility that the provincial elections will be held on Monday, July 18th.

During the last few days unofficial reports have fixed upon this date as the one upon which the election will likely take place. It is fairly generally conceded that the voting will not be delayed later than July 18th, and numerous indications point to the 18th as being the probable selection of the provincial cabinet.

Although nothing to make any statement Monday, Premier Stewart indicated that the election date would be announced in all likelihood during the present week. It is rumored that the question will be definitely decided before Thursday. In the event of the

choice falling upon July 18th, the writs for the election would probably be issued not later than Saturday of this week, and nominations would take place July 11th.

Premier Stewart, Hon. Geo. P. Smith and other members of the cabinet will be in Calgary Wednesday to attend the ceremonies planned in connection with the laying of the cornerstone of the new institute of technology in that city. It is possible that the premier may make an announcement immediately following his return to Edmonton.

HARVESTING RYE ALREADY ON ALBERTA FARM

Calgary, June 22.—Harvesting operations have already started on the large farm of the Noble Foundation, Limited, at Nobleford, Alberta. Some 11 binders are at work cutting the 2500 acres of Ryeon rye, a new variety which is being tried out in the first time in Alberta. The crop is in excellent condition and a good yield is assured.

There is no doubt that the new rye is the earliest grain which has been raised in Alberta. It is at least 20 days ahead of any other rye being raised by the Noble Foundation company.

Progress in the construction of the Lacombe and Northwestward railway is reported by J. Bush, civil engineer for the company. The road, which has been taken over by the Alberta provincial government, which was formerly known as the Blindman valley railroad, is now constructed for four miles beyond the 200 foot trestle bridge over the Blindman river; completed three weeks ago.

Steel laid over the bridge, the grade having been completed four miles beyond the trestle. The thriving town of Rimby is the terminal station on the line to date, this station being located four miles east of the Blindman river bridge.

Mr. Bush does not look for more steel to be laid side by side, except steel to be laid on the various sidings en route. About forty men are engaged in construction, a number building a large tank near the bridge at Blindman river.

Eighty miles of the road from Lacombe to Strathcona remains to be completed, thirty miles now being in operation from Lacombe to Rimby. The line passes through a most productive country, famed for a long period, which is pre-eminent adapted for wheat raising, now largely carried on throughout the valley route.

Mr. Bush claims there has not been a crop failure in the Rimby district for the past sixteen years, and that it is a most stock raising country. A considerable number of new settlers came in this year, the majority of them buying out farms that have already been improved.

A quantity of 16,000 pound steel purchased by the government last year from the C.P.R. will be used for sidetracks at the various stations along the road. The regular track having been laid with sixty pound material. A steam shovel is being brought in immediately, with which to get out gravel to complete the ballasting of the road. Mr. Bush assigns as the reason for the cessation of steel track laying the inability of the government to provide sufficient appropriation for the work at the present time.

choice falling upon July 18th, the writs for the election would probably be issued not later than Saturday of this week, and nominations would take place July 11th.

Premier Stewart, Hon. Geo. P. Smith and other members of the cabinet will be in Calgary Wednesday to attend the ceremonies planned in connection with the laying of the cornerstone of the new institute of technology in that city. It is possible that the premier may make an announcement immediately following his return to Edmonton.

COAL ALWAYS ON HAND

L. G. KELLEY, PHONE 22**"The Interprovincial Weed Special"**

Of all menaces to agriculture in the prairie provinces, it is unanimously agreed that the loss sustained from weeds far outweighs the loss from any other preventable cause. Realizing this, the decision was reached by the Provincial Governments of Manitoba, Saskatchewan and Alberta, that if the Canadian Pacific Railway would provide the service, a special Interprovincial train on weed control would be equipped and sent out. The Railway Company concurred in the plan, and on the morning of 24th January the Special train consisting of two lecture cars, one car for display of implements, another exhibiting rowing weeds, etc., and Tourist Dining Car, opened up at Dominion City, Man., upon a tour of six weeks—two weeks to each province—to conclude in Southern Alberta the first week in March. Any pestilence which may have existed with respect to the success of this mission was soon dispelled. From the outset great difficulty was experienced in handling the large crowds at each point visited, and on some occasions it was necessary to obtain the use of the local hall in order to accommodate all. This manifestation of interest on part of the farmers greatly encouraged the speakers with the train, who put forth their best efforts and received a splendid response with an assurance of earnest co-operation.

The Weed Exhibit car was a popular centre of interest to both young and old. Here were ballpits and living and pressed plants to illustrate the worst weeds; and with these were companionable cards in many kinds of weed seeds were shown under magnifying glasses, and models of weed seeds enlarged to forty diameters were shown. Soil mixed with weeds growing from weed seed planted on the trip, indicated the rapidity with which weeds typical of the weeds developed when not promptly attended to. In these plots the type of implements suggested for the eradication of each type of weed appeared. In another section space was devoted to Natural History, featuring certain bugs, the grasshopper and the cutworm, in the various stages, with charts showing the methods of destroying these pests.

TIP BURN ON POTATOES

A trouble, which is widely distributed and very prevalent in some seasons, and to which the name "Tip Burn" has been given, is to be found among our potato crops. This trouble takes the form of a gradual burning and drying-up of the leaves of the plants, often commencing at a comparatively early stage in their growth and, in many cases, if allowed to go on unchecked, slowly but surely involving the whole of the plants so that they die down a considerable time before the tubers are fully developed.

The appearance of this trouble in the fields is often mistaken by growers for Late Blight. There is, however, a marked distinction between the two, for Late Blight may commence by attacking any part of the plants—leaves and stems alike—has a dark, watery, sooty appearance and, in its early stages, is damp to the touch, while Tip Burn invariably commences at the margin or tips of the leaves and has a decidedly dry appearance and touch with the exception of after rain. It also appears much earlier in the season than Late Blight has ever been recorded and does not cause the death of the plants so rapidly. Nor has it ever proven so destructive as Late Blight, although evidence has been obtained that in seasons when it is severe and where no effort is made to check a considerable reduction in the yield of marketable tubers, due to the premature death of the plants from this cause, may result.

Investigators of this trouble are not yet in agreement as to the cause. The observations of some have led to the belief that a period of hot, dry weather during the growing season caused the leaves to throw off moisture more rapidly than it can be furnished by the plant, the result being the appearance of Tip Burn. This theory, however, seems to be disputed by the fact that the trouble is not found in the hot regions of the Western States where the temperature often becomes excessive and the air is especially dry.

More recent investigations lead to the belief that this burning of the leaves probably follows the depredations of sucking insects. These investigations are not yet complete, but enough evidence has been produced to serve as a warning to potato growers

(1) The Inter-Provincial Weed Special standing on the siding at Dominion City.

(2) School children visiting the Weed Special at Oak Lake.

The second exhibit car contained various types of machinery employed in connection with weed destruction, seed cleaning and cultivation purposes generally. The two lecture cars, which were used for this purpose only, were adorned with placards bearing upon the weed question. The staff accompanying the train, provided by the Dominion and Provincial Governments, Agricultural Colleges and Schools, included prominent authorities in agricultural matters as obtaining in Western Canada. Through each Province either the Minister of Agriculture or the Deputy Minister directed a programme which varied from day to day to suit the prevailing conditions of the district visited, for instance, a district badly infested with the Russian Thistle may have also suffered from the grasshopper plague of last year—these two matters would be treated by special authorities instructing thoroughly upon the measures to be taken to combat them. Another district had an abundance of couch grass, or mustard, or the cutworms ravaged the crops.

Lunch was then served. The next meeting will be held at the home of Mr. Hagstrom on July 2. Visitors always welcome.

Don't forget—The Wetaskiwin Brass Band and the league team have been secured for the big U.F.A. picnic on July 1st.

Wetaskiwin lodge L.O.L. No. 1776, will meet on Friday evening, June 24, in the U.F.A. Hall at 8 o'clock.

To keep these insect pests thoroughly under control in an endeavor to avoid Tip Burn.

We have found in our experimental work with potatoes that Bordeaux mixture will to a large extent control this trouble. In 1918 when it was extremely prevalent, we had several plots to which for the purposes of experiment Bordeaux mixture was not applied. These plots suffered from a severe attack of Tip Burn and the plants were all killed down by the second week in August, while other plots on the same land, to which for the control of the Late Blight, Bordeaux mixture was regularly and thoroughly applied, suffered to a very slight extent only, the plants remaining green until mid-September. Bordeaux mixture acts as a repellent to the Leaf Hopper, as well as a protection to the plants. Many other cases, in addition to that referred to, have come to our attention, bearing evidence that regular and thorough spraying with this mixture will reduce to a minimum the ravages of Tip Burn.

Assistant Plant Pathologist,
Experimental Farm,
Ottawa.

GWYNNE

(Too late for last week)

Mrs. R. Larson, of Brookings, S.D., is visiting at her son's, L. G. Larson's. Mr. D. McLeod is canvassing for the Red Cross drive in the Roseland district.

Mr. E. R. Womack's little baby has been very sick with bronchitis and is improving slowly at time of writing.

Mr. Fred Freeman spent a few days this week in Vermilion.

Mr. George Shanty, who has been sick for several days, is able to be around again.

Mr. A. Ingalls is building a new house.

The regular meeting of the U.F.W.A. was held at the home of Mrs. Larsen, on Saturday, June 4th, all officers present, with six members and several visitors. After the business part of the meeting a program followed, consisting of: Music by Miss Lizzie Larson; recitation by Miss Haldgeim; paper on "Arbor Day" by Josephine Freeman; recitation by Agnes Lindgren.

BOILS AND PIMPLES ON FACE AND BODY.

Boils and pimples are caused by bad blood, and there is only one way to get rid of them and that is to get at the seat of the trouble by using a good reliable blood cleaning medicine such as Burdock Blood Bitters.

This preparation has been on the market for over 40 years, and is the most reliable remedy for all troubles arising from a bad condition of the blood. It removes all the impurities from the system, and will leave a clear, healthy skin devoid of all eruptions.

Mr. Felix Bechard, 39 Dover St., Montreal, writes: "I was troubled with boils and pimples, and could not get rid of them. I used several kinds of remedies and was no relief. I used two bottles of B.B.B. and was completely relieved of about 21 boils on my neck, back and hips, and the pimples disappeared."

Price \$1.25 a bottle; put up only by The T. Milliken Co., Limited, Toronto, Ont.

For Your Small Coin

The mystery of money begins with the conquest of your five and ten cent pieces and your quarters. A small money-box kept handy as a depository for your loose change will help to substantially increase your savings.

This branch has a number of small metal "banks." If you would like to procure one, call and get particulars from the manager.

SCANDINAVIANS,

NOTICE !

The Scandinavian Society of Alberta will celebrate the midsummer season by having its general yearly gathering at Wetaskiwin, Sunday, June 26th, in the Scandinavian Hall, East Railway street.

The meeting will begin at 10:30 in the forenoon, and continue throughout the day. The afternoon session will begin at 2 o'clock and the evening session at 7:30. The morning and afternoon sessions will be conducted in the Scandinavian language; the evening program will be given partly in English.

An interesting and instructive program has been arranged and speakers secured, among them: Pastor Carl von Linsburgh, from High Point, Wash. He is a profound scholar and student of men and affairs, and a good speaker. None who understand Swedish will fail to hear him. He will speak at both morning and afternoon sessions.

None will regret attending this gathering. Members and visitors from near and far are expected, as it is the big gathering of the year.

Everybody is welcome and cordially invited.

The yearly business meeting will be held Monday, June 27th, the day following. Members and others who wish to join are kindly requested to stay over for that meeting also. 13-2t

THURSDAY, JUNE 23, 1921

MILLET

Millet, June 16, 1921

The Millet baseball team lost a good game to Conjouring Creek last evening, 12 to 7. Conjouring Creek has one of the fastest teams in this district.

A baseball league was formed in Millet last evening, consisting of three teams—Leduc, Conjouring Creek and Millet. Each team plays six games at home and six away. Good baseball is promised as the competition is keen.

West Liberty baseball team, winners of the U.F.A. tournament May 24th, lost to the fast Millet team, 10 to 5. Rain prevented any further punishment to the Liberty boys.

Leduc Juniors play the Millet Juniors tonight and a good game is looked for.

Fred Higginson suffered heavy loss from the recent rain and hail, which killed a number of his small purchased chickens. Fred happened to be moving a granary from Millet to his farm and his chickens were out.

Mr. Mitchell and others who wish to join are kindly requested to stay over for that meeting also. 13-2t

The Millet board of trade held their annual picnic July 1st at their picnic grounds. A big time is in store for everyone and there will be sports of all kinds. This is one of the big events of the season. Big dance in the evening.

A good deal of work is being done on the roads around the Millet district this year, and it will not be long before this district boasts of having the finest roads in the province.

A number of the farmers of the district are attending the political convention in Wetaskiwin.

The high school pupils are planning hard these days for the coming examinations, which commence next week.

WILLIAM M. BROWNING

After a somewhat prolonged illness that was fraught with much suffering, and yet borne with the greatest patience, Wm. M. Browning of New Brunswick, son of Wm. Browning, Millet, passed peacefully away on Saturday at 1:10 a.m. at the residence of his sister, Mrs. Annie B. Doane, Millet, Alberta.

Mr. Browning took ill while on his home in the States. For treatment he was advised to come to Edmonton. There under Dr. E. Allen he was given the radium treatment, but his case was beyond human skill.

His surviving family, two girls and two boys, will greatly miss his kind paternal care. His two daughters, Thelma and Dorothy, came with him to Alberta. His two sons, Guy V. Browning of Vancouver, and Forest E. Browning of St. Xavier, Mont., were unable to come.

On Sunday, June 19th, the funeral services were held at the residence and the Methodist church, where a very impressive sermon was delivered by the pastor. The church could not contain the large number of friends who came to pay their last tribute of respect to one whom many of them knew some years ago, when the deceased took up land with Mr. Zola Duhamel. He was a member of the Christian church and up to the very last moment manifested a strong unwavering faith.

Mr. Browning's nephew, Mr. Doane, who was a chum of Thelma and Dorothy, also came up from his home in the United States and was a source of much comfort to the bereaved family.

A worthy tribute must be paid to Mrs. A. B. Doane for the devoted and untiring care and attention she gave to her brother. The best of medical attention was secured, but no earthly good could hold him.

Rev. I. N. Hughson conducted the services. Interment was made at the Millet cemetery. He was laid to rest beside his wife Lyla and his daughter Marie, deceased wife of J. C. Wagner.

MILLET SUNDAY SERVICES

Sunday, June 26th, 1921

Porto Delo—11 a.m. Sunday School

at 12 a.m.

West Liberty—3:30 p.m.

Millet—7:30 p.m. Sunday School

at 11 a.m.

Do not forget the Sunday School

It is in the morning at 11 o'clock.

We want those one hundred who are

yet outside to come in and make the

Millet Sunday School the best in the

Lacombe district. It can be done.

Let us do it. It will do more good

than all the laws upon the statute

books.

Rev. I. N. Hughson, Pastor.

MILLET CHURCH NOTES

The Ladies' Aid Society are again preparing to serve a big lunch at noon and after noon on the first day of July. You do not need to bring any baskets. Just come and enjoy yourself to the full.

July 1st, Friday. The Millet Board of Trade picnic and sports. Big baseball tournament. Community dance. All roads leads to Millet.

A. P. Mitchell has returned from Calgary, where he has been conducting the sale of a very valuable collection of Verslan rags.

The Millet people cannot understand why the Chautauque people did not come to Millet.

S. G. Tobin, M.P.P. was a visitor to Millet last week.

MILLET WOMEN'S INSTITUTE

The Millet W.I. held their June meeting on the 13th in Saints' church, Mrs. Gates of Stony Plain addressing the meeting.

Owing to the heavy rain, many of the members were unable to be present, but those who were enjoyed a very great treat.

Mrs. Gates has the rare talent of not only interesting her audience, but also of appealing to each individual, and in a simple, earnest manner carries to each heart an inspiration for higher and more lofty ideals, as well as a word of encouragement for the more difficult problems of life.

The members present were unanimous in the expressed wish that Mrs. Gates would in the near future again visit Millet, when all our ladies might be able to be present.

A very pleasant social hour was spent.

The Ladies' Aid will serve lunch at the Board of Trade picnic, and the Ladies' Guild will have a sale of work and bazaar.

Two very popular people are getting married shortly. Who are they? We have asked Mitchell, and he says he isn't going to tell.

S.S.B. LECTURES

The home branch of the Soldier Settlement Board purpose following up the short courses held throughout the province during the winter months with a series of one-day demonstration-lectures.

In this district these lectures will be held in the Methodist church, Millet, on June 29. The program will be approximately as follows:

10:11—Lecture on the value of fruit, milk and vegetables in the diet.

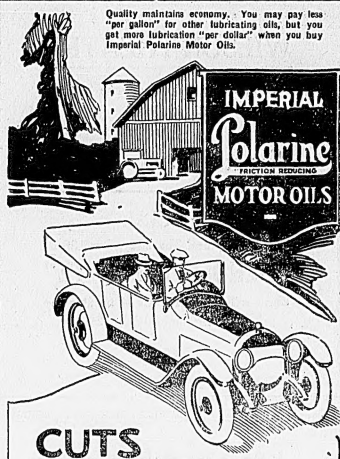

11:12—Demonstration: Preservation of food.

2:3—Demonstration: Breast making.

2:4—Sewing: Remodelling of patterns.

In some cases this program may vary but in general it will be followed as indicated. We sincerely hope that we may be able to commence promptly at ten o'clock.

It is suggested that the ladies arrange to bring baskets and have a picnic luncheon from 12 to 2 o'clock. These meetings are open to the public, and it is hoped that each settler's wife will bring her friends and that each meeting will be well attended.

CUTS OPERATING COSTS

THE economy of using Imperial Polarine Motor Oils extends over practically every item of motor operation.

The lubrication afforded at every friction point and the gas-tight piston-to-cylinder seal means a big saving in fuel bills and a noticeable increase of power.

Through perfect protection of all motor parts, undue repair bills are avoided and depreciation is greatly reduced. By using Imperial Polarine Motor Oils you can save dollars this year on maintenance alone. Besides, you realize more profit and greater usefulness from your car.

Always use the grade of Imperial Polarine recommended on our Charts for your type of motor. See Charts at your dealer's or write to 506 Church Street, Toronto, for a copy of our interesting booklet, "Automotive Lubrication," which contains the complete Chart of Recommendations.

IMPERIAL OIL LIMITED

BRANCHES IN ALL CITIES

For a Clean, Efficient Motor

Dealers displaying this sign will thoroughly clean the old oil and the dirt out of your crankcase with Imperial Flushing Oil and fill it with fresh lubricating oil. Your crankcase should be cleaned every 1,000 miles or less. It means more economy and more satisfaction to employ Imperial Polarine Crank-Case Cleaning Service.

Prof. Henry McCleary, A.T.C.L.

(Teachers' Diploma) Royal Academy

and Trinity College of Music, London,

England, was in the city on Monday

of this week looking into the possi-

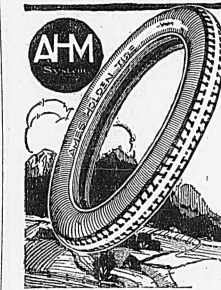

bilities for a teacher of voice pro-

duction here. He has announced his

intention of making a regular weekly

visit to Wetaskiwin, from Edmonton,

to give vocal lessons if a number of students signify their intention of taking up the work. Intending students may leave their names at the Times office, where circulars regarding Prof. McCleary's terms and methods may be secured. The date of Prof. McCleary's first regular weekly visit will be announced later.

Miles That Cost Less

"Auto-Shoe" miles cost you less than ordinary tire miles, because you get so many extra miles from each and every one. The name Ames Holden "Auto-Shoes" is to help you to remember the cheapest mileage you can buy.

Run one Ames Holden "Auto-Shoe" against the tires you are using—and find the miles that cost less.

MINNEHIC

J. Burrows of this place, who has been very sick for the past few weeks, was taken to Wetaskiwin hospital last week. On account of the very bad roads he had to be carried a distance of 22 miles on a stretcher to Knob Hill, from there by auto to the hospital. One man took the head of the stretcher and the other, changing men every ten minutes. In this way it took 12 men from 5 p.m. on Monday until 6 a.m. Tuesday to make the 22 miles, only stopping three hours for rest and refreshments at Mr. C. Prince's. Mr. J. Burrows met them at Knob Hill with an auto and drove them on to Wetaskiwin, where Mr. Burrows was operated upon, but he soon passed away. He leaves a loving wife, one son, Arthur, and one daughter Eva, and many friends to mourn the loss of a kind friend and neighbor. The community joins in extending to the bereaved family their heartfelt sympathy in this extraordinary loss. Mr. J. Burrows, wife and daughter came over from England and lived one year ago to make their home with a son, Arthur Burrows, at Buck Lake.

A case like the one above is where we need the best of better roads and a telephone. When it comes to sickness and our roads are almost impassable, it is impossible to get medical aid in or get out to a hospital, and our loved ones must suffer for days without medical attention, on account of bad roads. We shall hope for better roads soon.

The people of the Buck Lake district will hold a union picnic at the south end of Buck Lake July 1st. All are invited and a big time is expected. The dance in the evening at the I. O. Gibbons new store.

With two schools in session and new homeostaters coming every day, this country is fast coming to the front. The only drawback is bad roads.

Mr. A. Burrows expects to start a lumber yard here in the near future.

Mr. W. Wilson has been very busy the past few weeks taking the census in this part of the country.

J. Penneyk from the Deas was transacting business in Minnehic on Saturday.

Mr. M. Ellsworth returned home Saturday with his business outfit from Mr. Wm. Penneyk's, where he has been plowing for the past two weeks.

Miss Alice Parker, telephone operator from Lacombe, is visiting home folks here. She has a two weeks' vacation.

Some weeks ago the Tipping family of Wolf River donated 45 books in the way of starting a free lending library at Minnehic. Mrs. Beasley and Mrs. Montgomery of Wetaskiwin ad-

TOWN TOPICS

Are you going to Chautauqua?

Mrs. Victor Terrien of Edmonton is visiting at the home of her friend, Mrs. W. J. Wilson, Angus Ridge.

The Swedish Young People's Society will hold their regular meeting at Crooked Lake schoolhouse on June 28th at 8 p.m.

Miss Agnes Pearson, who has been visiting Mrs. L. S. Page for the past two months, is returning to her home in Winnipeg for the first of next week.

Take in the dance at Lone Ridge after this picnic on July 25th. Music by the Smith Orchestra of Wetaskiwin.

J. K. Mulloy was among those who had the faculty of medicine degree conferred upon him at McGill University.

Mrs. Wm. Merrill of Elora, and her son Arthur, a prosperous farmer from southern Manitoba, have been spending a few days at the home of John Arnold, who is Mrs. Merrill's brother.

J. J. Bady of Heiler was in the city several days this week transacting business. He has been in Heiler last week, and claims he finds this part of the country dry compared to other parts he came through.

In the final examinations in law, conducted by the Benchers of the Law Society of Alberta, Douglas W. Cobblestick, a well known young man of Edmonton, son of Rev. G. H. Cobblestick of Edmonton, won the gold medal.

Mr. H. W. Wright returned on Friday from Toronto, where he attended the annual meeting of the Imperial Bank of Canada. While in the east he also made pleasure visits to New York, Philadelphia and other eastern points.

The Wetaskiwin Band gave another of their splendid concerts on Pearce street on Sunday. Great credit is due to the leader and members of the band for the great progress they have made, and it is difficult to believe it is only a few months since they were organized.

The local tennis club now has over forty members, while additional members are being added from time to time. The committee are planning a tournament to commence in the near future, while a match with the Bittern Lake club is also slated for the near future.

Two men were arrested in Edmonton Monday, charged with burglary from a dwelling house in Wetaskiwin. The men are alleged to have admitted the offense, and were brought back to Wetaskiwin by Chief Constable Gordon Cawsey to stand their trial for burglary.

The house which S. Baxter has been reconstructing at the corner of McDonald and Stanley streets is nearing completion. This makes a great improvement to this corner, and should serve to show owners of other semi-dilapidated buildings what can be done to make the entire buildings of the town profit-producing, to say no of the benefit to the town.

The fourth annual L.O.O.F. picnic of the eleventh district Oddfellows, will be held at the lake, Hardisty, on Wednesday, July 13. Both land and water sports will be included in swimming races, diving contests, water polo, bathing for men, women and children, tug of war, foot races, and a morning picture show and dance in the evening. Refreshment booths will be on the grounds and a large excursion boat will ply on the lake.

Wetaskiwin:
Sunday School at 2:30 p.m.
Preaching at 8 p.m.
W. E. Elliott, Pastor.

GOSPEL HALL
Alberta Street—Christians gathered unto the name of the Lord Jesus Christ, next Lord's Day morning at 11 a.m. for Breking of Bread.

SALVATION ARMY
Owing to Emigan Acton farewelling from Strathcona, the lecture on "Battledelds in Belgium and France" will be held on Friday, June 24th, instead of the date announced in last week's issue. Don't forget this.
Captains Moll, C. O.

METHODIST CHURCH
Sunday, June 24th, 1921
11 a.m.—The Duty of the Church Member.
Sunday School and Bible Classes at 2:30 p.m.

7:30 p.m.—Apostolic Exhortation and Benediction.
Rev. J. W. Wilkin, Pastor.
Next Sunday will be Mr. Wilkin's closing services here. On the following Sunday he takes charge of Norwood Methodist church, Edmonton. Rev. W. H. Irwin of Edmonton will be the new pastor in charge of the Methodist church, Wetaskiwin.

KNOX CHURCH
Sunday, June 26th, 1921
Public worship at 11 a.m.
The evening service is withdrawn to permit the congregation to attend Rev. J. W. Wilkin's last service in the Methodist church.

10 a.m.—Sunday School and Young People's Bible Class.
Rev. M. M. Pritchard, B.D. Minister.

The afternoon Chautauqua entertainments commence at 3:30 and the evening at 8:15. A number of seats are being reserved, and reserved seats for the entire six days can be obtained from the secretary.

FELT LIKE AN IRON BAND AROUND HEAD

MRS. OSBORNE SAYS SHE SHUDERS WHEN SHE THINKS HOW SHE SUFFERED

"For years," said Mrs. V. B. Osborne, of 718 Lancaster Ave., Lexington, Ky. "I have been in a run-down condition, nervous, weak and dizzy. It was actually so nervous that any sudden noise or excitement would produce a palpitation of my heart that frightened me. I absolutely could not climb stairs, for to attempt such would thoroughly exhaust me."

"I had nervous headaches, and when they came on it seemed that an iron band was drawn tight around my head. I now shudder when I think of those headaches. My stomach was weak and I could not digest the lightest liquid food. Any food of a solid nature caused nausea and the sickening sensation remained for hours."

"My misery was almost unbearable. My sleep was never sound and I was worn out all the time. My condition was indeed a very deplorable one. I finally sought treatment in Cincinnati, but nothing helped me one particle. I was on the verge of giving up in despair when a neighbor pleaded with me to try Tonic. I obtained a bottle of the medicine and began its use."

"I began improving at once and soon felt my nervousness and distress disappearing. Then my headache left me and I realized my strength had returned. My appetite and digestion improved, and I am now so much better in every way. This Tonic is a wonderful remedy and the only one that every really helped me. I hope every poor woman who is suffering as I did will try it."

WHAT CAUSES GAS ON THE STOMACH?
It is caused by fermenting, sour waste matter in the intestines. This old, foul matter should be thoroughly cleared out with simple buckthorn bark, glysterine, etc., as mixed in Adler-ika. This acts on BOTH upper and lower bowel, removing old accumulated matter you never thought was in your system. Adler-ika relieves ANY CASE of gas on the stomach. EXCELLENT for sour stomachache. This is a great tonic. Guards against appendicitis. Northern Drug Co. 2-6

D'FOWLER'S EXT-O-F WILD STRAWBERRY

For Diarrhoea, Dysentery, Cholera, Cholera Infantum, Cholera Morbus, Sea Sickness, Summer Complaints and all Looseness of the Bowels.

It has been on the market for 70 years. It is harmless and pleasant to take. Its action is rapid, natural and effective. Take no other. Substitutes are dangerous.

The genuine is manufactured by Dr. T. M. Milburn Co., Limited, Toronto, Ont. Price 35c a bottle.

5 Children Had Dysentery.
Mrs. D. Mitchell, 19 Kingston Ave., Toronto, Ont., writes: "It is with great pleasure that I recommend Dr. Fowler's Ext-O-F Wild Strawberry for dysentery. It is really wonderful how quickly it acts. My five children had dysentery last summer, and we tried everything, we could think of until a friend advised us to use 'Dr. Fowler's'. A few doses soon gave them relief. Now we always keep a bottle of it in the house."

19 Years of Pluck And No Luck--- Then Millions

Dr. H. B. Foster, Chiropractor
W. S. Stratton when he opened the Independence mine, Cripple Creek, Colo., was considered lucky. Without education he went west, and for nineteen years struggled, and at the end of that time owned a mining outfit and two mines. Then—after nineteen years of study and preparation—his great find brought millions.

It takes health and rugged determination to prepare one self even to find a gold mine. With a good stomach, lungs of vigor, a right spine, Stratton's hope and energy remained undimmed for nineteen years.

Chiropractic spinal adjustments remove the cause of diseases of the head, ears, nose, throat, lungs, heart, stomach, liver, kidneys, pancreas, upper and lower intestines, genitals and lower limbs.

STRATHCONA U.F.A. CONVENTION

The Strathcona U.F.A. Political association took no definite action along political lines at the convention which closed here last Thursday, beyond adopting a suggestion from the resolutions committee that the holding of a conference to discuss the provincial platform be urged on the central authorities who were under instructions from the U.F.A. convention, and for which constituency representatives had been selected by the various associations.

Rice Sheppard, Strathcona, was elected president of the association, succeeding John Galloway. Mrs. Winifred Ross, Millet, was chosen first vice-president, and Jasper Hill, Millet, second vice. Directors elected were: Strathcona, John Davis; Leduc, Mrs. E. Southwick; Victoria and Carleton, H. Peters; Wetaskiwin, E. Rasmussen; Ponoka, Mrs. Archibald.

D. W. Warner was elected to stand for the presidency, giving as a reason the apparent difference of opinion in the convention regarding the adoption of a joint platform. He declared that he could only consent to accept the presidency on the understanding that he would support absolutely the farmers' platform to which they were pledged.

He also pointed out that his position as U.F.A. constituency director was an obstacle in the way of his accepting the nomination.

Rice Sheppard contended that the joint platform with the Dominion labor party could properly be endorsed, for the farmers technically had no platform before them until the next meeting of the Canadian Council of Agriculture. President Wood of the U.F.A. implied had side-stepped the very question, although an opening had been offered on the platform the night previous.

It was agreed to maintain the association as a political organization in spite of a resolution passed at the last U.F.A. convention that all provincial associations should comprise all U.F.A. members.

Partridge Hills local received endorsement of resolutions asking that the central send a copy of the constitution to all local officials and that dual membership be allowed in U.F.A. locals, now prohibited under the U.F.A. constitution.

Leduc local was supported in a recommendation that the provincial health department guarantee all places where contagious diseases existed. Mrs. Southwick claimed this had not been done in the case of measles and smallpox.

After hearing from Mr. Galloway, the convention endorsed a resolution calling on the Dominion parliament to make it a criminal offence for unmarried persons to register as man and wife at hotels, a proposal recently turned down by the house of commons.

A resolution offered by W. R. Hall, West St. Albert, was carried, advocating that all products of the farm be marketed through one central organization operated by the farmers.

Ald. James East, Edmonton, spoke as a representative of the Dominion Labor party in urging the U.F.A. to join with labor for political power. He drew colorful pictures of farming life to illustrate his contention that such conditions were entirely resultant from "exploitation by capital."

From the Millet local came a resolution protesting against the increase in membership fee of \$1 per year, authorized in the closing hours of the U.F.A. convention. This was carried, but it gave rise to a vigorous strictures of the financial methods of the central office, H. J. Young, Millet, apparently voicing a popular opinion when he declared that while there was no desire to be niggardly in supplying funds to head office, the feeling was abroad that economy was not being exercised.

P. H. Herbert could there was need of economy. John Davis, Strathcona, said central office was like the lions in the zoo, the more you give them, the more they want.

It was unanimously resolved that the U.F.A. executive should immediately be asked to see that a detailed financial report be submitted to the next annual convention and that full information be supplied with at least one hour of the convention's time to be reserved for discussion at large.

It was agreed that in the event of a special nominating convention being called, the choice of this convention for a federal candidate would be final without referring the nomination back to the respective locals for endorsement.

Votes of thanks were tendered the retiring president, Mr. Galloway, and the secretary, Mrs. Ross.

BEHOLD MY WIFE!

Canada; the Great Northwest:

Land of trailing poets and snow.

Where a man must meet the test

'Neath the red aurora's glow;

Where a son of blue-blood stirs
Wed a crude young Indian maid.
Wine and hate that burned like fires
Helped Fate with the trick it played.

Overseas he sent his bride
To cast upon his kin a stain.
Then, a wanderer, he tried
To crush his manhood—but in vain.

Something almost superhuman
Led him to a brighter day.
Made of her a radiant woman.
See this wondrous photoplay:

Wilson Theatre, June 29-30

FARMERS OF THE SOUTH IN A MOST OPTIMISTIC MOOD

Calgary, June 18.—The Calgary Herald in its fourth crop report published today, says:

Following the rains of Thursday night and Friday morning, which appear to have been general over Southern Alberta, farmers are in a most optimistic mood. Crops for this time

of the year are well advanced and are developing rapidly, some portions of the province reporting that wheat will be heading out within 10 days or a couple of weeks.

There appears to be plenty of moisture in all districts to satisfy the crops until the end of June, and in very few cases has there been any damage owing to the prevalence of either grasshoppers or cutworms. Where the latter have appeared, organized campaigns have been carried on for their extermination with considerable success, and with the crops

so far advanced there seems to be very little serious danger from now on in that respect. The next week or two is indicated as the critical period, and if this period is successfully passed there is every hope for a bumper crop.

There has been comparatively little soil drifting in the province. Labor conditions are normal, pasture is in good shape, cattle are sleek and fat, but the tendency is to cut down the herds, owing to the abnormally low prices, both for dairy products and cattle generally.

BULLETIN NO. 1

HOW TO BOIL BEEF

If a piece of beef is plunged into boiling water or very hot fat, the albumen on the entire surface of the meat is quickly coagulated, and the enveloping crust thus formed resists the dissolving action of the water, and prevents the escape of the juices and flavoring matters. Thus cooked the meat retains most of its flavoring and has the desired meaty taste.

The resulting broth is correspondingly poor.

The foregoing statements will be of much help in the rational cooking of meats in water.

The treatment depends largely upon what it is desired to do. It is impossible to make a rich broth and have a juicy, highly-flavored piece of boiled meat at the same time. If the meat alone is to be used, the cooking in water should be as follows:

Plunge the cut at once into a generous supply of boiling water and keep the water at boiling point, or as near boiling point as possible, for ten minutes, in order to coagulate the albumen and seal the pores of the meat; the coating thus formed will prevent the solvent action of the water and the escape of the soluble albumen and juices from the inner part of the meat.

But if the action of the boiling should be continued the whole interior of the meat would in time be brought near the temperature of boiling water, and all the albumen would be coagulated and rendered hard.

Instead of keeping the water at boiling temperature (212 Deg., Fahr.), therefore the temperature should be allowed to fall to about 180 Deg., Fahr., when the meat could be thoroughly cooked without becoming hard.

A longer time will be required for cooking meat in this way, but the albumen will not be firmly coagulated and the flesh will be tender and juicy instead of tough and dry, as will be the case when the water is kept boiling or nearly boiling during the entire time of the cooking.

We will devote our advertising space to publishing a series of Bulletins similar to the one above, which we hope be of service to our many customers.

We would suggest clipping them for future reference.

DEVELOPMENT IN POULTRY BREEDING

The experimental farms of the Dominion are doing some excellent work in poultry breeding. After four or five years, birds and struts have been produced of exceedingly high productive capacity.

At Kentville, N.S., eleven breeding pens contain birds that in their pullet year laid an average of 197 eggs, the highest bird laying 270 eggs in 52 weeks. At this station a Barred Rock pullet laid 184 eggs in 101 days. In sections where a few years ago ten or a dozen eggs a year from a hen were a rarity, there are now hundreds that run to from 150 to 250. In the Eastern Townships, Que., 246 eggs have been reached and from 150 to 250 is a common record. In the Prairie Provinces the Experimental Farms have reached high record. At Indian Head, Sask., last year 105 pullets had an average of 183.7 eggs, the highest being 292. At Lethbridge, Alta., the average production has increased two or three times over what it was nine or ten years ago. New Brunswick has a similar tale to tell, one hen at Fredericton reaching 256 eggs in a year. British Columbia, however, takes the palm. At the Agassiz experimental farm 290 eggs are common and from 250 to 270 are not rare. At the Vancouver Island station 290 pullets gave an average of 155.57, 82 going above 200. The high production of 290 eggs in a year has been reached for one pullet. Hens that cannot lay 200 in a twelve month are not wanted and no cockerel is retained unless his mother laid 250 eggs in her pullet year. It should be noted that high class breeding stock and eggs are available to the public from

IMPROVED SEED

The Dominion Department of Agriculture, through the Seed Branch, works in active co-operation with the provinces in the matter of improving grain and field seeds. Money is provided to pay prizes in standing field crop competitions, at seed fairs and provincial seed exhibitions, and in combined seed crop and cleaned seed competitions. The last named is a recent introduction. It has two distinct phases, the first consisting of a standing field crop competition and the second of threshed and cleaned seed in which the seed produced from the fields of the first phase is judged in the granary of the competitor.

The competitions must have at least fifteen entries in each, and the foundation seed used must be of approved origin. The minimum quantities of cleaned seed that competitors must be prepared to submit to qualify for awards are: wheat, barley, peas, buckwheat and corn each 100 bushels; oats 200 bushels, field beans 25 bushels, clovers and timothy 15 bushels, and potatoes 150 bushels. The awards, except in the case of potatoes, are made on a basis of 65 per cent on the bin score and 35 per cent on the field score. In the case of potatoes the method is reversed, the award being based on 35 per cent on the bin score and 65 per cent on the field score.

All agricultural associations are eligible to conduct these competitions.

provided the association entering does not conduct a field crop competition in the same season with the same kind of crop. To the prize money under subvention agreement the Dominion

subscribes \$200 in each instance and the province \$100.

Wetaskiwin Chautauqua starts to-day at 3:00.

Liberal Meeting

A meeting of all Liberals and supporters of the

Stewart Government
